

## EKORNES AND THE ENVIRONMENT

Environmental responsibility. Ekornes takes responsibility for the environmental impact caused by the manufacturing, distribution, use and destruction of the company's products. Over a long period the company has implemented measures at its manufacturing plants to improve the internal and external environment, while also selecting more environment-friendly raw materials. The sustainable manufacture of products with a long useful lifespan will continue to be an objective in the future development of the company.

To achieve this Ekornes has chosen to include its environmental policy in the company's objectives and values document. The following key principles shall be complied with in all parts of our business:

- Ekornes shall be perceived as an environment-friendly company. Our products shall have as little impact as possible on the environment.
- Ekornes aims to minimise the health risk experienced by employees in the workplace.
- Ekornes invests to avoid damage to the environment and to health.
- Environmental information shall be freely available, eg through environmental product declarations (EPD).
- Ekornes shall accurately and openly publish information about how the company handles its environmental responsibility.

For more information regarding specific measures we have implemented or are planning, you can download a longer version of our environmental policy document from [www.ekornes.co.uk](http://www.ekornes.co.uk).

**EKORNES®**

## STRESSLESS® – THE COMFORT STORY

Every handcrafted Stressless® has a story. And each of those stories begin and end with the word “comfort”. Making the world’s finest recliners involves thinking and rethinking that word through 30 years. Sure we care about looks and style, just flip through these pages and see for yourself. But what it all comes down to in the end, is how your body reacts when seated. And that’s where a Stressless® shines so bright it might lead to a lifelong relationship.

You see: Every detail in a Stressless® is there for a reason. Their sole purpose is to make you as comfortable as possible. In our quest to make the ultimate recliner, we have invented technologies that puts a Stressless® two steps ahead. Like the Plus System, the Stressless® wheel and the patented headrest. But enough talk: The only way to fully understand the difference they make, is to go out and try one. Today.

## Comfort test™

- Does the height and width of the recliner fit you perfectly?
- Is the footrest the right distance away to give maximum support for the length of your legs?
- Do the recliner and footstool follow your every move?
- Does the recliner's gliding movement easily adapt to suit your weight?
- Does it provide good lumbar support in all positions?
- Can you lie down, read or watch TV – and always feel that your neck is supported comfortably?
- Is it possible to adjust the headrest so that it is flat in the reclining position?
- Do you have the feeling that the back of the recliner reclines sufficiently?
- Does the recliner feel stable and safe?
- Do you notice how your whole body relaxes?

STRESSLESS® SUNRISE SMALL

STRESSLESS® SUNRISE MEDIUM

STRESSLESS® SUNRISE LARGE

### FITS LIKE A GLOVE

It would be unfair to tailor the world's most comfortable recliners and sofas to fit just one type of people. That's why most Stressless® designs are available in up to three sizes, to suit different weights and builds. Visually, the differences are subtle, but sit down and you'll realize that a recliner to fit your body makes all the difference.

One way to find your perfect recliner, is to take our Comfort test. It only takes a few minutes, and guides you through the world of advantages and patented features a Stressless® offers. It's worth investing some time in a more comfortable way of life.

Stressless® Sunrise Small, Stressless® Sunrise Medium and Stressless® Sunrise large are shown in Paloma Lilac/Natural. Our complete range of models is shown on pages 62-67.

## DISCOVER THE SECRETS OF PERSONAL COMFORT

The patented Stressless® Plus™ system automatically adjusts the headrest as you recline – supporting your neck while reading, watching TV and resting.

Anatomically correct lumbar support in all positions – synchronizes with the neck support function as part of the Stressless® Plus™ system.

The sleep function is activated with one simple movement to lay the headrest flat.

For unbeatable comfort, you set the Stressless® wheel once and change your sitting position by using your body weight.

The Stressless® footstool is freestanding to fit all leg lengths and the top follows your movements thanks to its built-in glide function.

- 1 The foam is moulded directly over a steel frame, which provides a proper contour for your body and guarantees that the cushions are long-lasting and comfortable.
- 2 A soft polyurethane foam pad ensures optimum softness.
- 3 The pad of soft polyurethane foam is covered by a layer of super-soft polyester fibre for a real touch of luxury.
- 4 Flexo springs on a steel frame ensure durable construction and strength.
- 5 The Plus™ system automatically provides correct support for your head and lower back. The function is double-sided for maximum stability, functionality and lifetime use.
- 6 Only genuine top-grain leather covers the front and back of Stressless® chairs.
- 7 The Stressless® glide system automatically adjusts to your body weight with no buttons or levers to pull.
- 8 The two-stem base offers far smoother turning and stability than the one-stem swivels fitted on most recliners.
- 9 The concealed swivel ring means you can easily turn full circle. And the gracefully curved shape of the base is designed for great strength and durability.

## GLIDES TO PERFECTION

A Stressless® is a mechanical wonder. Why should we put less effort in making the perfect footstool? You might not have noticed, but as you lie back in a recliner, your legs move slightly forward and your feet move down. A genuine Stressless® footstool doesn't let this go unnoticed. It automatically tilts and lowers your feet, to maximize the comfort. The patented, built-in glide function makes the world's most comfortable recliner even more comfortable. What's more, you can lock the position and use it as an occasional seat.

Stressless® Dream recliner shown in Classic Vanilla/Wenge. Our complete range of models is shown on pages 62-67.

Stressless® Blues Small are Stressless® Blues Medium recliners shown in Paloma Lilac/Natural. Our complete range of models is shown on pages 62-67.

## STRESSLESS® BLUES – A PHRASE RECOINED

Stylish, sleek, soft, sophisticated: Stressless® Blues rests as well in the captain's lounge as it does in your living room. The follow-up to last year's award-winning design Stressless® Jazz, the Stressless® Blues is our new top-of-the-line recliner. With all the patented Stressless® features, it combines a sleek steel frame and a more classical Stressless® design to create a new fusion of comfort and style. Staying home with the blues has never felt this good.

STRESSLESS® BLUES MEDIUM (M)  
STRESSLESS® BLUES LARGE (L)

## SOFAS WITH ADDED FLEXIBILITY

This year, we introduce a selection of Stressless® sofas available in two sizes. The seat depth, adjustable backs and choice between high or low backs stay the same. It's the width we've adjusted, so that even more Stressless® lovers can get one to fit the living room. Applies to the models Paradise, Space and Pegasus.

## FRIEND OF THE FAMILY

Stressless® sofas and recliners are just like families – they come in many shapes and sizes. In a family home, a corner set-up, where every seat has an individually adjustable back, soon becomes both a playground and a cosy retreat. It's often the best spot for some of those unforgettable moments in life.

You can be sure that a Stressless® sofa with individually adjustable backs can cater to your individual needs, while still being a gathering point for everyone. Join the comfort family today.

## ALL CORNERS COVERED

So you think a corner setup is just for those ballroom-sized livingrooms? Stressless® gives you the flexibility to choose between a number of combinations, to fit virtually any living space. Add the accessories that suit you, from armrest tables to footstools with built-in glide function. All setups have individually adjustable seat backs, and a choice between high or low backs.

The combinations are also available with the following models:

- Stressless® Arion 2007      Stressless® Eldorado 2007
- Stressless® Granada 2007      Stressless® Paradise
- Stressless® Space      Stressless® Wave.

## THE GRACE OF JAZZ

Stressless® Jazz is a harmonious fusion of function and comfort that we've spent 35 years refining. Our design team developed its elegant lines, smooth surfaces and stainless steel curves to sit comfortably in the most contemporary of living spaces. And, of course, with our trademark Stressless® comfort, Stressless® Jazz strikes just the right note.

The Stressless® Jazz and its footstool can be adjusted to match your height. Adding or removing any of the three rings on the base allows you to choose between low, medium or high settings.

STRESSLESS® JAZZ MEDIUM (M)  
STRESSLESS® JAZZ LARGE (L)

## TAKE IT TO A NEW HIGH

Sofas serve different purposes. Some are for lounging back and watching television, others are for welcoming guests around the table, or just long, lazy afternoons. Whatever your demands are, we have the right model to meet them. The choice between high and low backs, for example.

STRESSLESS® ORION (M)

## HEAVEN IS A TWIST AWAY

A Stressless® is constructed to be more stable, to recline further and to adjust smoother. It's simply stretches that extra inch our customers have come to expect.

That means it's more responsive to the way your body moves. You never have to force it to do anything – move, and it moves with you. Your key to it all is the Stressless® wheel. Adjust its grip to suit your personal needs, and leave it that way.

Thanks to the patented two-stem base, you can swivel 360 degrees and never feel a hint of instability.

STRESSLESS® ROYAL MEDIUM (M)  
STRESSLESS® ROYAL LARGE (L)

## SIZE MATTERS

We keep coming back to sizes. That's because we can not underline enough the importance of finding a sofa or recliner that's practically built for you. With Stressless, that's possible.

Our line of sofas and recliners boast a range of sizes. Some have matching designs, but the model names lets you keep them apart. Look closely at the Stressless® Granada on this page, and the Eldorado on the next, and you'll see what we mean. They're basically the same sofa, but the difference in size allows even more comfort-lovers to own one.

Stressless® Eldorado shown in fabric Oasis Camel/Natural. Our complete range of models is shown on pages 62-67.

## THERE TO BACK YOU UP

All recliners have headrests. Not all recliners have headrests that adjust to your every move, through every angle from upright to flat, and make sure your neck has optimal support in every position. The height adjustable, patented Stressless® headrest just doesn't behave like your run-of-the-mill headrest. And you'll feel it, from day one.

## IT DON'T MEAN A THING IF IT AINT GOT THAT SWING

Why name a table swing? Because that's what you do with it when you're through using it. The Stressless® Swing table is another accessory that optimizes the pleasure of the world's most comfortable recliner. This small, versatile table carries your remote, your cup, your book or whatever else you like to keep handy. It fits most recliners with our famous round base, except Stressless® Vision, Spirit, Dream, Jazz and Blues.

STRESSLESS® WING (M)/STRESSLESS® EAGLE (L) shown in Paloma Black/Black.

## A WINNING TEAM

Gone are the days when we furnished our homes by chance. The Ekornes and Stressless® collections offer a broad range of designs that complement each other superbly in an interior. Many sofas have matching designs in the recliner section – the Stressless® Pacific recliner and the Stressless® Wave sofa is just one of our winning teams.

## YOUR SEAT AT THE CHÂTEAU

Carefully selected materials blend in a fine, full bodied design. In our cellar there's one to please every palate, some with the exquisite whiff of quality leather, others with richly textured surfaces. Modern technology has made it possible to further mature a classic invention that has become an international symbol of comfort. Will keep for decades.

## FIND YOUR INDIVIDUAL COMFORT ZONE

Someone asked: Why shouldn't a sofa be as comfortable as a recliner? We saw no reason, so we created the Stressless® line of sofas, where every seatback is individually adjustable. That means you get a whole row of seats with the original Stressless® comfort. Bring a friend or two, and try one at your nearest Stressless® Studio today. After all, more heads think better than one.

## MIX AND MATCH

Stressless® and Ekornes is a complete seating concept, meaning the recliners and sofas are built on the same philosophy of comfort, and also around the same design platform. That makes it easy to furnish your surroundings in style. At your nearest Comfort studio you can see them all merrily together, or you could check the back of this catalogue to take your pick of complementing models.

EKORNES® CLASSIC

Ekornes® Classic sofas and Stressless® Taurus recliner shown in Paloma Light Grey/Wenge. Ekornes® Combi tables. Our complete range of models is shown on pages 62-67.

## THINK FABRICS

Not all textiles can become a Stressless textile. In fact, it took our international group of experts more than a year to narrow it down to those few qualities that meet the demands of our new textile series. On top of being flame retardant, environmentally friendly, super strong and still smooth, they also have to follow the latest trends in color and texture. We pride ourselves in thinking they're the best and most comfortable on the market.

Why not combine textiles and leather in a dynamic home environment? The colours and textures of our new textile series blend perfectly with a leather upholstery. For examples, see Stressless® Arion on p. 17 or Stressless® Wave on p. 35.

## FREEDOM OF CHOICE

The Ekornes® Oslo sofa lets you choose between wood trim or a padded leather front. This fixed back sofa with its timeless design can easily be matched to your decor or other furniture.

## COMFORTABLY ONLINE

A laptop is a brilliant thing, and what better place to enjoy its possibilities than in your favorite recliner. Problem is, your thighs will start to burn in no time as the computer gets hot. The ultimate solution is called Stressless® PC table. It provides a firm, stable workspace directly above your lap. You are free to move around, and can enjoy an ergonomic working position. Modern life makes it indispensable.

## WHERE NO MOVIE THEATRE HAS GONE BEFORE

Your living room has one huge advantage that no movie theatre can best: The chance to experience the ultimate in home cinema comfort. Because let's face it – the seats at the movies have some way to go before they can compete with a Stressless® home cinema setup.

A Stressless® home cinema setup caters not only to your physical pleasure centers; it brings tidiness and smart looks to the front row. Everyone has a table within reach, and the ottoman has a clever hidden storage compartment. The high, adjustable back and neck support puts you in the ideal viewing and listening angle no matter where you sit or how much you recline, and the lumbar support has literally got your back – all the way through hours of luxury at the movies.

 Stressless® Double ottoman.

## EVERYONE GETS FRONT ROW

All home cinemas, big or small, can fit a Stressless® home cinema setup. The genius lies in the flexible modules, which fit together in a whole array of no-fuss solutions. Pick your favorite model, and see the size and positioning chart below to find your ideal arrangement. Front, center and aisle – they all feel equally good.

The Stressless® sector (SC) is upholstered like the sofa and hides a storage space under its top. The sector also functions as an armrest, which is why set-ups with sector tables should be treated as a fixed unit.

Stressless® home cinema solutions can be arranged in many ways according to your space and size requirements. These illustrations show the most popular arrangements. See [www.stressless.co.uk](http://www.stressless.co.uk) for a complete overview and measurements for each model.

### BE ONE WITH THE ACTION

Did you know that you move more than 300 times while watching a movie? All those unconscious twists and jerks have to be dealt with, or you'll end up feeling tired and restless. A Stressless® home cinema system adjusts to your every move, and has the patented Plus system which lets the neck support move in parallel to the lumbar support. Add height adjustable headrests, and you're good to go for hours in front of the screen.

Stressless® Wave CT121 shown in Batick Snow/Wenge. Stressless® Oval ottoman. Our complete range of models is shown on pages 62-67.

Stressless® Arion SC11 shown in Classic Vanilla/steel. Stressless® Double ottoman. Our complete range of models is shown on pages 62-67.

## ENJOYMENT IS WITHIN REACH

Notice how remotes, popcorn, sweets and other valuable items tend to clutter your home cinema? With a Stressless® home cinema setup, that's no longer a problem. Place them on, or even inside the double ottoman or the sector table and armrest. You see: when we make furniture, it's all thought through – all the way to a happy ending.

## EKORNES® OFFERS FOUR CATEGORIES OF LEATHER. IN A SELECTION OF BEAUTIFUL COLOURS.

### BATICK

Is a corrected, pigmented and grain-embossed upholstery leather, with most of its natural marks removed. The protective layer of lacquer allows spillages to be removed easily. Simple to clean and attractively priced, Batick is a popular choice for people who need a more hard-wearing leather.

#### Important information if you are buying Batick leather furniture:

As leather is a natural product, colour nuances are normal and colours might vary slightly from one product to another. Colour change will occur with time, due to use and the effect of light, even though Batick leather is the most resistant to colour fading. The layer of lacquer protects the furniture and makes it easy to clean. Remember that furniture should be protected from direct sunlight and heating sources.

### CLASSIC

A corrected, pigmented and grain-embossed upholstery leather that's thicker than Batick with a larger pebbled grain. Most of the natural marks are removed. However, some may still show. A protective layer of lacquer makes it easy to clean and most types of spillages are easily removed. This also makes Classic a popular choice for people who need a more robust leather.

#### Important information if you are buying Classic leather furniture:

As leather is a natural product, colour nuances are normal and colours might vary slightly from one product to another. Colour change will occur with time, due to use and the effect of light, even though Classic leather is very resistant to colour fading. The layer of lacquer protects the furniture and makes it easy to clean. Remember that furniture should be protected from direct sunlight and heating sources.

### PALOMA

An upholstery leather with a combination of dyes and pigments in the finish, Paloma has a natural grain pattern and natural marks. The light finishing treatment improves the physical properties and gives a more uniform colour. Paloma has been developed to produce a rich, comfortable feel. Paloma is the perfect choice for people looking for a soft, authentic appearance from a leather that breathes well.

#### Important information if you are buying Paloma leather furniture:

As leather is a natural product, colour nuances are normal and colours might vary slightly from one product to another. Colour change will occur with time, due to use and the effect of light. Remember that furniture should be protected from direct sunlight and heating sources. Marks left by scars and insect bites are natural features of this leather.

### ROYALIN

The most exclusive type of Ekornes® upholstery leather, Royalin has a natural pebbled grain finish and visible natural marks. We give it a very light surface treatment for protection. Royalin has a soft touch, 'breathability' and a rich warm glow that characterises this natural top-quality leather.

#### Important information if you are buying Royalin leather furniture:

As leather is a natural product, colour nuances are normal and colours might vary slightly from one product to another. The leather is sensitive to direct sunlight, stains and perspiration, and colour change will occur with time due to use and the effect of light. Remember that furniture should be protected from direct sunlight and heating sources. Marks left by scars and insect bites are a natural feature of leather with natural grain.

The following applies with all Ekornes® leathers:

- All our leather qualities and colours are through-dyed.
- Some colours have been enhanced with a two-tone effect.
- Colour nuances are normal.
- Leather absorbs moisture and breathes.
- Colour changes will occur with time due to use and the effect of light.

Apply Leather Protection Cream (which is supplied with our furniture) to all surfaces, headrests, armrests, seats, etc., approximately twice a year (or when the leather is dry). The cream impregnates the leather and obstructs/delays the absorption of grease and perspiration. Carry out regular cleaning with a cloth moistened with mild leather cleaner. Never clean with a microfibre cloth. The ability of microfibre cloths to remove grease may cause damage to leather furniture.

### About leather

Leather is a beautiful and vibrant upholstery material. The 'colour play' in leather and its natural marks make each piece of furniture unique. Leather upholstery ages with style, gathering patina. However, it's important that you are aware that although leather furniture is very hardwearing it will change in appearance over the years. Please be advised that bright white leathers are subject to greater risk of discolouring when in use, for instance through repeated rubbing against strongly coloured clothes. Ekornes can not accept liability for such damages. Please be cautious.

### About us

Ekornes® is one of Europe's major users of upholstery leather, and hides are bought from leading tanneries throughout the world. Our own inspectors are part of a rigorous selection process, which includes the most stringent international standards as a minimum requirement for quality control. You benefit from our experience of this process when you buy Stressless® and Ekornes® leather furniture.

### Fabric

Stressless® offers you a completely new feeling of comfort; four contemporary, warm and luxurious fabric collections that complement our range of four leather categories. Choose from Cocon, Natura, Oasis and Placidus ranges, all available in a wide range of colours on specially chosen models, so you'll find the perfect match for any interior.

### About fabric

Please note that we recommend the use of fabric on selected models only, and that colour changes will occur with time, as a result of use and the effect of light. Furniture should be protected from direct sunlight. To prolong the life and the appearance of the furniture, the fabric upholstery should be regularly vacuumed and professionally dry cleaned.

### The wood colour

Our wood finishes are made from laminated European beech, a light-coloured wood with an attractive grain, eminently suitable for staining in various colours. The hardness of the wood makes beech furniture extremely durable.

**EKORNES® CORNER TABLE**

This practical table is made especially for home cinema arrangements, but it's suitable for any corner set-up.

W:49 D:38 H:62

**EKORNES® ELLIPSE TABLE**

This flexible easy-to-move table is ideal, because when you're in your 'comfort zone' you can easily reach everything you need.

W:25 D:23 H:10,5

**ARMREST TABLE**

This neat idea is made for the Stressless® Arion, Stressless® Space and Stressless® Wave. Put it on the armrest when you sit down and take it off or move it when you go.

**STRESSLESS® DOUBLE OTTOMAN**

The large ottoman offers ample space to put your feet up, and the storage space hides an extra tabletop which can be placed on the ottoman when needed.  
W:119/154 H:48 D:61

**STRESSLESS® OVAL OTTOMAN**

The Stressless® oval ottoman has a removable pillow, so it doubles up as a convenient table. When you don't need it to rest your feet on, simply store it below the tabletop. W:94 H:47 D:49

**STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN**

Our new ottoman is ingenious in at least two ways. It has a built-in tilt system, which makes sure the angle of the ottoman adjusts to your sitting position. It also has room for all the extras, under its removable top. The ottoman comes in two sizes.
