

Composition:

Name	Cottone		Category
Weight		530 g/m ²	
Composition		100% Cotton	
Abrasion Resistance	EN ISO 12947-1,2	Martindale 50 000	A
Pilling Resistance	EN ISO 12945-2:2002	4-5	A
Color Fastness to Light	ISO 105 B02	medium color 4-5	B/C
Tensile strength	ISO 13934-1	800 N warp / 400 N weft	A/B
Fire Protection	EN1021 - 1	Cigarette	Passed

1. With consistent use, fabrics may present with pilling caused by friction due to regular use. Pilling is loose fibers collecting on the surface of the fabric and will stop once they are all removed over time. It can easily be cleaned with a pill shaver or pill comb. Pilling is normal and does not lower the quality or durability of the fabric and it is not considered a claim.
2. Pulled threads are to be expected if fabric is caught on sharp objects.
3. In the process of washing the cotton fabric will naturally become lighter in color.
4. Wrinkles are possible on any cotton material.

1. FEYDOM does not accept responsibility for any damage resulting from inappropriate material use or cleaning.
2. Test results were gathered from various samples and therefore represent average indicative values.
3. Slight variations in color shades are possible and unavoidable due to the fabric manufacturing process.

Cleaning Instruction:

What can be used:

- Soft brush or vacuum with soft-brush attachment,
- Natural soap or any dishwashing liquid,
- Slightly wet clean towel or natural sponge (avoid colored towels/sponges),
- Lukewarm water,
- Moist napkins or baby wipes.

What must not be used:

- NEVER use nail polish remover, or anything containing acetone,
- NEVER use any product that contains bleach or a bleach alternative because it may cause discoloration,
- NEVER use carpet cleaning machines or attachments, because it may cause the fabric to shrink or wrinkle,
- NEVER dry with hair dryer set on maximum hot position,
- NEVER use fabric softeners.
